

High School Students to Work in Sales

Some 500 Torrance high school students may be released a week before Christmas as part of the annual Christmas work program, the Torrance Board of Education decided Tuesday night.

Students will be able to get

Fitzgerald Takes Post In Redondo

Dick Fitzgerald, manager of the Torrance Chamber of Commerce for more than four years, has been named manager of the Redondo Beach Chamber effective Jan. 1, 1961, it was announced yesterday by Foster Day, president of the Redondo organization.

The new Redondo manager will be returning to familiar grounds as he came to Torrance from that post.

With the current development of King Harbor as one of the Southland's outstanding yacht harbors, the need for a manager of Fitzgerald's experience and abilities arose, officials said.

Fitzgerald expressed personal regrets about leaving the Torrance Chamber because of "so many fine friends and because Torrance has been so good to me," he said.

"The challenge plus the financial aspects of the Redondo Beach position made it an offer too attractive to refuse," he added.

The 36-year-old executive and his wife, Betty, reside at 17004 Casimir Ave., with their five children. He will continue to make his home in Torrance, he indicated.

He is a past president of the California Junior Chamber of Commerce and a past vice-president of the U.S. Jaycees. He was named one of California's "Five Outstanding Young Men of 1959."

... Narcotics

(Continued From Page 1) Our young people must be protected against this evil threat," Hahn continued.

He urged that the legislative program, in addition to imposing penalties severe enough to take peddlers off the streets and to eliminate their huge profits from selling narcotics, should include a provision for compulsory medical treatment of addicts — particularly teen age addicts.

"WHEN A person is afflicted with tuberculosis and is a danger to others but refuses to be treated either by his own doctor or at Olive View Sanitarium, the County Health Officer is empowered to secure a court order to compel that person to be treated. If he still refuses, he can be committed to the Mira Loma facility for recalcitrant patients," Hahn said.

He added that it is just as important to protect the public against narcotics as it is against tuberculosis.

"I am confident that 1961 will be the turning point in California and that with the enactment of strong, new laws, the problem will be licked within a short time," he concluded.

... Contest

(Continued From Page 1) Ave. All entries must be in by Dec. 19.

Judging will be between Dec. 19 and Dec. 22 with members of the Junior Chamber as judges. The contest will be divided into two divisions, religious and novelty, with awards of plaques being presented. Awards will be presented on the evening of Dec. 22.

Further information may be obtained by calling the Torrance Chamber of Commerce.

practical experience and earn Christmas money by working in sales or other capacities at stores in Torrance and the nearby area. Students' grades must be up in order for them to be eligible for the program.

Before going to work for the merchants, students will have completed a five-hour salesmanship course covering selling skills, necessary math, sales slips and cash register operation, human relations, personal qualifications, and evaluation.

Lysle Albro, district work experience coordinator, planned the program and will actively supervise students on the job during the holiday period. The district has had such a program for several years.

FIVE WEEKS REMAIN TO RAISE FLOAT FUND

The Torrance Tournament of Roses fund has reached \$3,320 with only five short weeks remaining, according to Chairman George A. Bradford of the sponsoring Torrance Chamber of Commerce.

Civic leaders urged Torrance residents and businessmen to send their donations, however small, to the Torrance Chamber of Commerce office, 1511 Cravens Avenue. Only in this way, it was added, can Torrance be represented in the annual Classic.

Latest donations were received from Palos Verdes Drug Store, R. W. Bishop, Dean's Snack Bar, Ralph Perkins, C. W. Humphrey's, William Hanson, Parker - Smith Construction Co. Azuma Ohata, Bert Lynn, Harry Van Bellehem, and Butcher's Union Local 551.

House Guests

Spending three weeks here with Mr. and Mrs. Jack Hertel, 2628 Crest Rd. are Mrs. Hertel's mother, Mrs. Agnes Hansen and her aunt, Mrs. Alice Hansen of Bailey City, Calif.

Lions Show Film About Pipe Lines

Colorful desert scenes was the feature of the day for members of the Torrance Lions Club last week as the motion picture, "Needles to Newhall—the Story of a Pipeline," was shown by Ed Gregory, now Torrance manager for the Southern California Gas Co., and a new member of the club.

The film told the story of the construction challenge presented by mountains and desert to the crews building a 241-mile pipeline from the

California-Arizona border town of Needles to Newhall. This is the third 30-inch line built to deliver much needed out-of-state supplies of natural gas to the Los Angeles basin.

Prepared and released by the Southern California Gas Co., the film takes its viewers on a photographic tour of such California wonder spots as the prehistoric rock formations located near the Mojave Indian Reservation known as the "Mystic Maze," the ghost village that was once the thriving silver mining town of Calico, through the Angeles National Forest and up the legendary Mint Canyon.

The program was introduced by Insurance Executive Bill King.
